

# 5th Grade Math Standards

## Second Nine Weeks Checklist

Name:

---

**Key:**

**0** – Has not been introduced or assessed

**1** – Progressing / Not yet mastered

**2** – Mastered /with help

**3** –Mastered without any help

**\*\*Mastery = 80% proficiency in listed skill**

<b>Standard</b>	<b>0</b>	<b>1</b>	<b>2</b>
Division patterns ( 10,100,1000) mentally			
Estimate quotients using rounding			
Distributive property with partial quotients			
Quotients with zero			
Divide three and four digit dividends by one digit number			
Place value in the quotient			
Interpret the remainder			

Problem solving: missing information			
Rounding decimals			
Estimate sums and differences with decimals			
Add decimals			
Subtract decimals			
Multiply decimals with properties			
Divide decimals with estimating quotients			
Divide decimals			
Divide decimals with powers of 10			
Numerical expressions			
Writing numerical expressions			
Problem solving: working backwards			
Plot points			
Ordered pairs			
Graph patterns( coordinate plane)			
Divide with three-digit dividends			
Divide with four-digit dividends			
Divide with two-digit divisor			

--	--	--	--

**Additional Notes:**
