Math, Science, Social Studies

April 4-8

<p>Reminders:</p> <ol style="list-style-type: none">1.Lunch money due Monday2.Pink conduct cards and signed papers were sent home last Thursday. These need to be returned signed if they have not already been sent.4. Scoliosis Screening Took place on Friday, April 1st for those who signed up.5. Hearing screening sheets were sent home Thursday with signed papers. Please sign indicating yes or no and send back.	<p>Math- We will be working on the second part of our measurement unit this week with metrics. Students will have foldables and notes in their composition notebooks to study with. Their test on Metrics will be next Tuesday. We will then begin our Geometry unit.</p>
<p>Science- WE will begin Chapter 12 (energy). I will cut this down into four mini units, one per week. WE will test on each mini unit instead of one big test. Our first lesson will cover heat. A test will be given on heat next Monday, April 11th. Students will have notes to study by. (see my lesson plans for more details.).</p>	<p>Social Studies- We will begin a unit on States and Capitals. WE will combine with the 4th graders for several different projects. Students will complete different tasks in small groups and grades will be given. More details will be sent during the week and students will understand their first assignment after Monday. WE will work for one hour each day (except Thursdays) with the 4th graders to complete each step. We will also be completing our Science and math lessons each day.</p>
